

THE 2008 QDE INDEX

*A Guide to Periodical Articles in English on Document Examination, Handwriting Expertise
and Expert Testimony
Compiled and Edited by Marcel B. Matley. San Francisco, CA.*

Now you can become familiar with the best research of others in the field of questioned document examination. Use the QDE Index as a springboard to dive more deeply into the waters of learning about forensic handwriting and signature investigations.

The QDE INDEX is a ready reference to approximately 4,000 entries on a searchable CD. This valuable sourcebook is an easy-to-use listing of articles that have been published about document examination.

It is handy for many reasons:

- ◎ Find articles published on a certain subject or by a certain author
- ◎ Quickly generate a useful bibliography to back up your opinion or report
- ◎ Learn the language of science, law and document examination

The QDE Index: An all-in-one essential for saving time and money.

FEATURES:

- Contains 4,241 numbered entries from 450 journals
- Citations are drawn from forensic, legal, academic and popular press journals
- Searchable by author, topic or journal title
- Includes an index of court cases related to document examination
- Read valuable annotations to some entries by Marcel B. Matley

DIRECTIONS FOR USE:

- The cd includes a full explanation of how to use the QDE Index
- The cd provides citations to articles which are easily available on-line or from libraries.

This easy-to-use index is the most comprehensive collection of titles, authors and case law in our field.

Now available: Learn the simplified method for information storage and retrieval as you build your own library by using the QDE Index with the companion DVD "Book Smarts for the Document Examiner: Featuring the QDE Index".
