

The **Board of Forensic Document Examiners (BFDE)** is an FSAB accredited board. Overseeing and accrediting forensic certifications is The Forensic Specialties Accreditation Board (FSAB: www.thefsab.org). Formed in 2002, it evaluates the certification programs offered by boards that certify individual forensic scientists.

The goal of the **Forensic Specialties Accreditation Board (FSAB)** is to establish a mechanism whereby the forensic community can assess, recognize and monitor organizations or professional boards that certify individual forensic scientists or other forensic specialists. This program has been established with the support and grant assistance of the American Academy of Forensic Sciences (AAFS), the National Forensic Science Technology Center (NFSTC) and the National Institute of Justice (NIJ).
